

# Baltimore City Joint Apprenticeship Program

## Participation in the Baltimore City Joint Apprenticeship Program

To become eligible for the program, applicants must have obtained a high school diploma or GED and must:

- ▶ pass DHR's examination for apprenticeship classification
- ▶ pass a medical examination

Applicants selected for participation in one of the apprenticeship programs will earn wages and receive benefits as they learn the skill set necessary for the position. With a combination of classroom instruction and on-the-job training, the apprenticeship program provides the perfect training environment. Upon completion of the program, the apprentice is promoted to the status of journey person.

## The Baltimore City Joint Apprenticeship Program

Baltimore City Joint Apprenticeship Program is the collaborative effort between the Mayor's Office, Baltimore City Department of Human Resources, Office of the Labor Commissioner, Maryland Public Employees AFSCME Council 67/Local 44, the City Union of Baltimore and city agencies. The purpose of the program is to assure that the City of Baltimore has a qualified pool of journey persons who have been trained in the traditions of the craftsman. In an effort to realize the Mayor's commitment to education and quality of life, the apprenticeship program continues to grow, offering an array of options for qualified applicants.

### Types of Apprenticeships

**Automotive Mechanic** – a 4-year program where instruction is given in a wide range of diagnostic, installation, maintenance and repair on a variety of automotive, heavy truck, heavy equipment and other mechanical equipment.

**Electrical Mechanic** – a 2-year program where instruction and on-the-job training are given in the installation, maintenance and repair of interior/exterior electrical and power distribution systems.

**Housing Inspector** – a 1-year program where classroom instruction and on-the-job training are given in the inspection of the exteriors, interiors and adjacent grounds of vacant and occupied single family dwellings and exteriors and adjacent inspections of commercial properties in order to enforce the codes and ordinances of Baltimore City, including but not limited to health, housing, zoning, sanitation, building, fire and related codes.

**Instrumentation Technician** – a 4-year program where classroom instruction and on-the-job training are given in the maintenance, calibration and repair of hydraulic, pneumatic and mechanical equipment.

**Maintenance Technician** – a 3-year program where classroom and on-the-job instruction are given in maintenance and repair of electrical or mechanical equipment in a water or waste-water treatment and/or pumping facility.

**Operations Technician** – a 3-year program where instruction is given in the operation, maintenance and minor repair of mechanical and electrical equipment in a water and wastewater treatment plant. Apprentices will learn how to record meter and gauge readings, will learn and participate in the operation of chemical feed equipment, and will learn how to filter and regulate controls, valves and pumps.

**Tree Trimmer** – a 2-year training program where instruction is given in pruning, climbing, felling and treating trees.

**Utilities Installer and Repairer** – a 2-year program where classroom and on-the-job training are given in the installation, maintenance and repair of water mains, service pipes, water meters, fire hydrants and related appurtenances, sanitary house connections, manholes, wastewater collection pipes, mains and storm drains.

*\* All apprenticeship programs are approved by the Maryland Apprenticeship Training Council.*
